With Patented Crotch

That Fits With Perfect Ease and Comfort---Great Improvement

Manufacturers have striven for years to produce a Union Suit that does not gap or chafe or bind in the crotch. They met with indifferent success, however, until a practical underwear cutter in the employ of the Cooper Underwear Co., invented and patented the "Klosed Krotch" Union Suit illustrated in these cuts. This crotch fits more comfortably than a pair of drawers, and stays closed under any

and all conditions. It, at last, solves the problem and gives complete underwear comfort and satisfacton

The top cut shows fine summer weight knitted fabrics in full ankle lengths and either long or short sleeves: perfect fitting, very comfortable and durable—at a suit -

The lower cuts illustrate the same idea as applied to the

Athletic Union Suit

Made up in true athletic models, in fine woven nansook and crossbar fabrics without sleeves and with wide knee length legs. Note the Klosed Krotch principle and how it permits the freest and easiest movements of the body and still remains closed and comfortable.

This is without question the best Union Suit ever made, a wonderful improvement over all others. Try One-price

Other Union Suits in stock are the "Porosknit," the new "Olus" that goes on and off like a coat shirt; the "Sexton," the "B. V. D." and the "D. M. C."---the latter a remarkable garment for 50 cents.

Also a great assortment of Summer Underwear in separate shirts and drawers at 25 and 50 cents each.

Hung Jury in Maupin Case. After being out from Friday afternoon at 1:10 until Saturday afternoon at 4:00 and several times reporting to the judge that it could not agree on a verdict, the jury in the case of Brack Maupin for killing James Faris, mention of which has several times been made in these columns, was finally discharged. The members of this jury d d not publicly announce their standing in the case, but from the best we can gather, nine were for acquittal and three for conviction or workmanship for a period of one year from date of purchase

from the best we can ga her, nine were for acquittal and three for conviction—two for death; one for manslaughter. It is reported that one of these gentleman was willing to go to the nine if the other two were, in order that a verdict might be made. This may or may not be true, nor do we vouch for the standing of the jury. The court-house was crowded during the entire trial and many remained for hours, hoping to be the first to hear the verdict, in the event one was made.

tastily decorated with flowers and palms Sunday morning when the Baccalaureate sermon was preached to the pupils of Madison Female Institute. Dr. R. H. Crossfield, president of Transylvania University, delivered the sermon, which was able, interesting, edifying. It was couched in choice words and delivered in Dr. Crossfield's inimitable manner. It was a beautiful and impressive ser-vice and a great crowd was present. In fact the capacity of the church was more than taxed "He Led Captivity Captive and Brought Rich Gifts to Men." was the doctor's theme, and after telling of the dark days of the primeval age, he showed that Christ's coming had brought civilization, liberty and all the good and

great privileges we now enjoy. Perfect attention was given the speaker and stmaster at Winchester to a primary there was general regret when he brought to a close his masterly effort. The mu-sic was a delightful feature of the service, many of the best singers in town taking part. The M. F. I. pupils were all dressed in snowy white and after marching into the church, singing as they came, occupied front seats. They presented a beautiful and inspiring pic ture and one that will not soon be forgotten.
